Himachal Futuristic Communications Limited Press Release

For immediate release

HFCL receives its largest ever single Purchase Order

- Order value of Rs.2467 crore for Defence Communication Network
- Separate O&M order for Rs.862 crore to follow
- Project is to be completed within 18 months

New Delhi, 20 August 2019: Himachal Futuristic Communications Limited – HFCL (BSE:500183, NSE:HFCL), India's leading telecom infrastructure developer, system integrator and manufacturer of high-end telecom equipment and optical fibre cables has received its largest ever purchase order worth Rs.2467 crore from Bharat Sanchar Nigam Limited for turnkey development, operations and maintenance of Communication Network for Indian Army. The Project is to be completed within 18 months. The Project has an additional Operations & Maintenance component of Rs.862 crore to be realised over a period of 10 years from the commissioning of said Network. The combined value of the Project, therefore, stands at Rs.3329 crore.

Funded by Department of Telecom, Government of India, the Turnkey Project entails design, development, deployment and maintenance of Converged Nationwide IP/MPLS Backbone with 219 X Access Networks and Integrated IMS based Communication Solutions under Network for Spectrum (NFS) Programme of the Government of India. This next generation Network would connect various locations of Indian Army while also integrating all existing and legacy networks with this advanced IP/MPLS network to offer seamless and secure transmission of voice, data, video and multi-media.

Commenting on the said Project, the Company's Managing Director, Mahendra Nahata said, "We are proud to have been awarded this prestigious Project. This advanced next generation network would be very critical communication Network for Indian Army. We are thankful to the Government of India for reposing its continued confidence on the Company". Reflecting on the long-term impact of this prestigious win, he further added, "Besides augmenting revenue growth, this Project shall add to the Company's profitability and cash flows. The O&M component, at the same time, shall contribute to the profitability of the Company over a fairly long term."

About HFCL (www.hfcl.com)

Himachal Futuristic Communications Limited is a leading telecom infrastructure developer, system integrator and manufacturer of high-end telecom equipment and optical fibre cables, having its manufacturing facilities at Solan, Goa, Chennai and Hosur.

HFCL provides single window solution for telecom projects; offering design, equipment supply, installation, system integration, operation and maintenance services. As a solutions expert in telecommunication and related infrastructure domain, the Company is now leveraging its inherent strengths in addressing complex needs of emerging sectors, such as Railway Communication and Signalling, Defence, Homeland Security and also Smart City Projects.
