ABOUT

HFCL Limited (formerly known as Himachal Futuristic Communications Limited) is a Leading Technology Enterprise connecting the world with fully integrated communication network solutions and specialized services. The Company manufactures Optical Fiber, Optical Fiber Cables (OFC) and high end transmission and access equipment offering new technology products and solutions and a proven edge over its peers in its five world class fully integrated manufacturing facilities across India.

It is a market leader in manufacturing of Optical Fiber Cables in India with a total consolidated capacity of 18.5 m fkm and has also recently backward integrated to produce Optical Fibers with an initial capacity of 6.4 m fkm by commercializing a green field plant at Hyderabad, Telangana. HFCL caters to diversified domestic customers across Telecom, Railways, Defence and Security & Surveillance projects and also exports to customers across the world in more than 50 countries.

The Vision of the company is to develop products and solutions, which can be sold globally and can be benchmarked with other leading global manufacturers and also focus on developing cost-effective next generation products and solutions with own intellectual property rights that will help in improving the profitability of the company. Through their Centre for Excellence in Research located at Gurgaon along with invested R&D Houses and other collaborators at different locations in India and Abroad, the company innovates futuristic range of technology products and solutions.

HFCL recently launched globally benchmarked, Next Generation Wi-Fi Technology products and solutions. IO is a platform that aims to bring in efficiency and intelligence to mobility and assist global citizens to use the most advanced Wi-Fi technology products & solutions while keeping a sharp focus on security and safety.

With a significant demand emerging for FTTH and fibersation for 5G rollout, and also the government initiatives like Digital India, BharatNet, Defence Communication, Wi-Fi, Railways, Smart Cities etc. and most importantly with Atma Nirbhar or Make in India, the demand for indigenous telecom communication infrastructure is expected to grow exponentially over the next decade.

HFCL has a robust orderbook of around 2x FY20 Revenues or INR 8,135 Crores and additional high margin O&M contracts of INR 1,573 Crores. The company has a healthy Debt to Equity position of 0.43x with a credit rating of A-
