HFCL Limited Secures Landmark Rs. 1,127 Crores Order to Revolutionize BSNL's Optical Transport Network

Sunvilla News : Ahmedabad

HFCL Limited (HFCL), a pioneering technology enterprise renowned for its seamless integration of cutting-edge communication products and solutions, has achieved a significant milestone by securing a prestigious order valued at Rs. 1,127 Crores from Bharat Sanchar Nigam Limited (BSNL). This landmark agreement is poised to transform the Optical Transport Network (OTN) infrastructure across BSNL's Pan India network. In an era marked by the imminent advent of 5G networks and an escalating demand for ubiquitous broadband connectivity, Communication Service Providers face the critical challenge of fortifying

backhaul transport to facilitate the densification of 5G mobile networks. Addressing this imperative, HFCL's comprehensive network upgrade will not only cater to the heightened requirements of Enterprise and FTTH/Broadband services but will also position BSNL for the future with the seamless launch of 4G services and the anticipation of 5G services in the coming years.

HFCL secures OTN contract at BSNL

HFCL reported that it has finalised a INR 11.3 billion agreement to supply optical transport network equipment to Indian state-owned operator Bharat Sanchar Nigam Ltd (BSNL). The OTN equipment will be deployed in BSNL's 4G Pan India network, which will cover the bulk of country in its entirety. The same network will in time be updated to include 5G, and HFCL suggests that its equipment will help drive densification of Indian 5G coverage.

HFCL said the coming network upgrade would also cater to fibre-to-the-home services and enterprise use cases in addition to the 4G and 5G combination. Nokia is partnering HFCL to deploy the equipment by supplying its own optics, according to the press release. HFCL cited an 18-month timeframe for project delivery, and its engineers will also handle supply, installation, commissioning and maintenance.

HFCL lands INR 1,127 crore order to overhaul BSNL's Optical Transport Network

January 3, 2024 in News, PSU

New Delhi: HFCL Ltd recently announced that it has successfully secured an order of INR 1,127 crore from Bharat Sanchar Nigam Ltd (BSNL) for the transformation of the Optical Transport Network (OTN) infrastructure across BSNL's nationwide network.

The network upgrade by HFCL aims to not only meet the demands of enterprise and FTTH/broadband services but also to strategically position BSNL for future endeavours, facilitating the seamless launch of 4G services and preparing for the anticipated arrival of 5G services in the coming years.

In an official release, HFCL revealed that the company has secured the order specifically for the transformation of BSNL's Optical Transport Network. The release highlighted HFCL's expertise in integrating complex systems and its strategic partnership with NOKIA Network to implement state-of-the-art optical technology.

HFCL secures order worth Rs 11.27 billion to transform BSNL's OTN infrastructure

January 2024 | Network and Equipment, News, Press Release

HFCL Limited has secured an order worth Rs 11.27 billion from Bharat Sanchar Nigam Limited (BSNL). This landmark agreement is poised to transform the optical transport network (OTN) infrastructure across BSNL's pan-India network.

In an era marked by the imminent advent of 5G networks and an escalating demand for ubiquitous broadband connectivity, communication service providers (CSPs) face the critical challenge of fortifying backhaul transport to facilitate the densification of 5G mobile networks. Addressing this imperative, HFCL's comprehensive network upgrade will not only cater to the heightened requirements of enterprise and fibre-to-the-home (FTTH)/broadband services but will also position BSNL for the future with the seamless launch of 4G services and the anticipation of 5G services in the coming years.

Leveraging its unparalleled expertise in integrating complex systems, HFCL has strategically partnered with the Nokia Network to deploy state-of-the-art optical technology. This partnership signifies a commitment to deliver cutting-edge solutions that transcend industry standards and redefine the parameters of technological excellence.

HFCL's transformative initiative extends to the enhancement of BSNL's network through OTN upgrades at over 300 large network nodes and 2000 amplifier sites. The entire installation process is projected to conclude within an ambitious 18-month timeframe. This strategic endeavour encompasses the entire spectrum of activities, including supply, installation, commissioning, and maintenance of OTN, further solidifying HFCL's standing as a trusted and forward-thinking player in advancing communication infrastructure.

HFCL secures advance purchase order worth Rs 1127.27 crore from BSNL

Jan-01-2024

HFCL has received an Advance Purchase Order (APO) aggregating to around Rs 1127.27 crore, from Bharat Sanchar Nigam (BSNL). This order pertains to the implementation of BSNL's optical transport network for carrying traffic of BSNL on PAN India basis. Besides meeting demand of enhanced high capacity data for its Enterprise and FTTH/Broadband services, this network upgrade will also deliver the required bandwidth for launch of 4G service by BSNL and will also make the national carrier future-ready in rolling-out 5G services in coming years.

The scope of work under the above APO includes design, planning of architecture, engineering, supply, installation & commissioning and system integration of OTN (Optical Transport Network) equipment across India in BSNL (OTN Project), strengthening HFCL's position as a trusted player for advancing communication infrastructure. The scope of work under the above APO also include Operation and Maintenance (O&M) for a period of three years including eight year comprehensive Annual Maintenance Contract (AMC) for which Rs 170.30 crore will be paid by the BSNL.

HFCL is a leading telecom infrastructure developer, system integrator and manufacturer of high-end telecom equipment and optical fibre cables, having its own manufacturing facilities at Solan and Goa, and its subsidiary i.e. HIL facilities in Chennai and Hosur.

HFCL Bags Rs. 1,127 Crores Deal to Overhaul BSNL's Optical Transport Network

JAN 01, 2024 MARK 54

New Delhi, Jan 01, 2024: In a significant move, HFCL Limited has clinched a mammoth contract worth Rs. 1,127 Crores from Bharat Sanchar Nigam Limited (BSNL) to revamp its Optical Transport Network (OTN) infrastructure across the country.

The telecommunication industry is gearing up for the advent of 5G networks, and with an increasing demand for widespread broadband connectivity, service providers are facing the challenge of upgrading their backhaul transport. In response, HFCL has secured the contract to

not only meet the growing needs of Enterprise and FTTH/Broadband services but also to position BSNL for the future with the integration of 4G and anticipation of 5G services.

In collaboration with NOKIA Network, HFCL aims to deploy state-of-the-art optical technology, signalling a commitment to deliver solutions beyond industry standards. The project encompasses an overhaul of BSNL's network at over 300 large network nodes and 2000 amplifier sites, with the entire process expected to conclude within 18 months.

Mahendra Nahata, Managing Director at HFCL, emphasized, "This contract to revolutionize BSNL's Optical Transport

This order pertains to the implementation of BSNL's optical transport network for carrying traffic of BSNL on PAN India basis. Besides meeting demand of enhanced high capacity data for its Enterprise and FTTH/Broadband services, this network upgrade will also deliver the required bandwidth for launch of 4G service by BSNL and will also make the national carrier future-ready in rolling-out 5G services in coming years.

The scope of work under the above APO includes design, planning of architecture, engineering, supply, installation & commissioning and system integration of OTN (Optical Transport Network) equipment across India in BSNL (OTN Project), strengthening HFCL's position as a trusted player for advancing communication infrastructure. The scope of work under the above APO also include Operation and Maintenance (O&M) for a period of three years including eight year comprehensive Annual Maintenance Contract (AMC) for which Rs 170.30 crore will be paid by the BSNL.

HFCL Secures Rs. 1,127 Crores Order to Revolutionize BSNL's Optical Transport Network. HFCL Limited (HFCL), a pioneering technology enterprise renowned for its seamless integration of cutting-edge communication products and solutions, has achieved a significant milestone by securing a prestigious order valued at Rs. 1,127 Crores from Bharat Sanchar Nigam Limited (BSNL). This landmark agreement is poised to transform the Optical Transport Network (OTN) infrastructure across BSNL's Pan India network.

In an era marked by the imminent advent of 5G networks and an escalating demand for ubiquitous broadband connectivity, Communication Service Providers face the critical challenge of fortifying backhaul transport to facilitate the densification of 5G mobile networks. Addressing this imperative, HFCL's comprehensive network upgrade will not only cater to the heightened requirements of Enterprise and FTTH/Broadband services but will also
