HFCL Limited on Friday said it has bagged a Rs 623 crore order for the supply of indigenously manufactured 5G networking equipment.

The contract is from a domestic telecom service provider, HFCL said in a release but did not name the company.

HFCL said the order is required to be executed by December 2024.

"HFCL Limited...has secured a purchase order of Rs 623 crore for the supply of indigenously manufactured 5G networking equipment," it said.

This is the first such large order for 5G networking equipment placed on any Indian company by any telecom service provider, it added. "Our recent order wins are clearly a testament that our strategy of moving from projects to margin accretive products, launching new products, reaching out to new customers and new geographies is paying off well and will bolster our position even further in 2024," HFCL MD Mahendra Nahata said.

HFCL bags Rs 623-crore deal for supply of indigenously made 5G network gear

Citing third-party research, HFCL said that the global 5G last-mile equipment market is projected to reach \$68 billion by 2030. This is set to play a significant role in the global surge in 5G technology demand, projected to witness a remarkable CAGR of 48.3%, as per a recent report from Future Market Insights.

Headline : HFCL shares jump 11% to hit 52-week high on ₹623 crore order win

Domain : CNBC TV18

Date : January 20, 2024

Journalist:

<https://www.cnbctv18.com/market/hfcl-shares-hit-52-week-high-on-623-crore-order-win-18851741.htm>

The screenshot displays the CNBC TV18 website interface. The top navigation bar includes links for Ram Mandir, Market, Personal Finance, Business, Economy, Featured, NextGen, and Engage. Below this, a secondary bar lists events like F&O Gurukul, SME Champion Awards, Davos 2024, Budget Ballot 2024, Latest News, and Market. A market snapshot shows NIFTY at 1648.85 (+0.62%), ITC at 468.40 (+0.66%), JSW Steel at 808.20 (+1.03%), and Kotak Mahindra at 1806.80 (+2.11%).

The main content area features a large headline: **HFCL shares jump 11% to hit 52-week high on ₹623 crore order win**. Below the headline, a text box states: "In a filing to the stock exchanges, on Friday, the company said that it has secured a purchase order worth approximately ₹623 crore for the supply of indigenously manufactured telecom networking equipment for 5G network. The contract has been awarded by an affiliate of a domestic telecom service provider."

Below the text box is a promotional banner for "Sify's Largest Hyperscale Data Center Campus MUMBAI 03" with a "Bookings Open" button. The banner includes the Sify logo and a small image of a data center.

The article is attributed to "By CNBCTV18.com" and is dated "Jan 20, 2024 1:02:52 PM IST (Published)". It has a "2 Min Read" indicator and social media sharing icons for WhatsApp, Telegram, X, and Email.

The left sidebar contains a navigation menu with sections: HOME, LATEST NEWS, FEATURED, LIVE TV (listing CNBC-TV18, CNBC AWAAZ, and CNBC BAJAR), MARKET LIVE, MINIS, PODCASTS, CNBC-TV18 SPECIALS (listing YOUNG TURKS, MIND MATTERS, CLIMATE CLOCK, MARQUEE NIGHTS, FUTURE FEMALE FORWARD, and 11:11 NEWSLETTER), PHOTOS, GINGE, STORYBOARD 18, and SECTIONS (listing MARKET, GLOBAL MARKETS, STOCKS, and MONEY).

At the bottom of the main content area, there is a photograph of a large industrial facility, likely a data center or manufacturing plant, with blue and yellow equipment and workers visible.

HFCL Wins Rs 623 Crore Order to Deliver Indigenous 5G Equipment

Reported By TANAY SINGH THAKUR | JANUARY 22ND, 2024 AT 01:18 PM |  0

The name of the TSP that awarded the order has not been mentioned. The kind of 5G equipment that has to be provided is also unknown. However, the fact that indigenous 5G equipment is being ordered by a TSP is a boost and acknowledgement of the fact that the Indian tech manufacturing ecosystem is getting better day by day.

HFCL Secures Order worth INR 623 Crores for Indigenously Manufactured 5G Networking Equipment

January 19, 2024 technuter 0 Comments

HFCL Limited (HFCL) has secured a purchase order of INR 623 crores for the supply of indigenously manufactured 5G networking equipment. This is first such large order for 5G networking equipment placed on any Indian company by any telecom service provider. This strategic win is a testament to HFCL's vision of designing and manufacturing high technology telecom equipment in India.

HFCL has been investing in building its end-to-end portfolio of 5G networking equipment which transforms telcos' access, transport and last-mile networking requirements.

HFCL Limited Secures Purchase Order Worth INR 6,230 Million for Indigenously Manufactured 5G Networking Equipment

January 19, 2024 at 06:14 am EST

Share

HFCL Limited has secured a purchase order of INR 6,230 million for the supply of indigenously manufactured 5G networking equipment. This is first such large order for 5G networking equipment placed on any Indian company by any telecom service provider. This strategic win is a testament to HFCL's vision of designing and manufacturing high technology telecom equipment in India.

As per industry estimates, the global 5G last-mile equipment market is projected to reach USD 68 billion by 2030. This transformation is set to play a significant role in the global surge in 5G technology demand, projected to witness a remarkable CAGR of 48.3%, as per a recent report from the Future Market Insights. The newly secured purchase order underscores HFCL's commitment to providing cutting-edge solutions tailored to the unique needs of the telecom landscape.

← HFCL Bags Rs 623 Crore Order; Stock Jumps To New 52-Week High

20 Jan, 2024 | 12:55 PM

- HFCL has been investing in establishing an end-to-end portfolio of 5G networking equipment.

HFCL's share price reached a new 52-week high of Rs 100.70 in early trading on January 20 after the firm announced a Rs 623 crore deal to deliver 5G equipment.

HFCL announced that the company has obtained a significant purchase order amounting to Rs 623 crores. The order is for the supply of domestically produced 5G networking equipment, marking a milestone as the first substantial order for such equipment from any Indian company by a telecom service provider.

At around 12.39 PM, HFCL was trading 12.45% higher at Rs 99.55, against the previous close of Rs 88.55 on NSE.

HFCL has been investing in establishing an end-to-end portfolio of 5G networking equipment that alters telcos' access, transport, and last-mile networking requirements, it added.

HFCL receives supply deal worth Rs 623 cr for 5G networking gear

Monday, 22 Jan 2024

HFCL has been awarded a Rs 623 crore contract by the domestic telecom service provider for the supply of manufactured 5G networking equipment. The order is expected to be executed by December 2024.

With its strategy of moving from projects to margin accretive products, launching new products, reaching out to new customers and new geographies is positioned to bolster revenue and also enhance profitability. This is the first such large order for 5G networking equipment placed on any company by any telecom service provider.

HFCL manufactures optical fibre and optical fibre cables, telecom products, including 5G radio access network (RAN) products, 5G transport products, Wi-Fi systems, switches, routers and defence electronics products. It has been investing in building its end-to-end portfolio of 5G networking equipment which transforms telcos' access, transport and last-mile networking requirements.

HFCL Secures Order worth INR 623 Crores for Indigenously Manufactured 5G Networking Equipment

IndianWeb2 Desk Friday, January 19, 2024 0 Comments

HFCL Limited (HFCL), India's leading technology enterprise and integrated next-gen communications product and solution provider, has secured a purchase order of INR 623 crores for the supply of indigenously manufactured 5G networking equipment. This is first such large order for 5G networking equipment placed on any Indian company by any telecom service provider. This strategic win is a testament to HFCL's vision of designing and manufacturing high technology telecom equipment in India.

HFCL has been investing in building its end-to-end portfolio of 5G networking equipment which transforms telcos' access, transport and last-mile networking requirements.

As per industry estimates, the global 5G last-mile equipment market is projected to reach USD 68 billion by 2030. This transformation is set to play a significant role in the global surge in 5G technology demand, projected to witness a remarkable CAGR of 48.3%, as per a recent report from the Future Market Insights.

Advertisements

The newly secured purchase order underscores HFCL's commitment to providing cutting-edge solutions tailored to the unique needs of the telecom landscape. Moreover, with enormous export market potential, these indigenously developed products are in line with the country's "Make in India for a Global Stage" vision. HFCL with its strategy is rightly positioned to not only bolster revenue but also enhance profitability leading to increased returns for the shareholders.
